School Goals

- To develop in students a desire to work for a just society, and to teach them to be generous in placing their knowledge and competence at the service of others, particularly the disadvantaged;
- To form students who are aware of God as the Father of all and who thus see all men as their brothers, giving them at the same time opportunity to know Christ. To help those who already believe in Christ come to deeper appreciation of their faith;
- To build a school community in which teachers, students and non-teaching staff would have a spirit of mutual respect and co-operation;
- To give students a solid moral formation which will enable them to lead their lives in accordance with sound principles;
- To encourage students to be independent-minded in their search for knowledge, while being open to learn from the opinions of others;
- To foster the emotional development of students, thereby helping them to appreciate their abilities as well as their limitations, and to get on well with others; and
- To encourage a knowledge and appreciation of the students' own culture, as well as the ability to express themselves both in Chinese and English with correctness, clarity and even elegance.

Definition of Social Services

Social services are organized activities aiming at improving the conditions of disadvantaged people in society as well as enriching one's personal life.

Objectives of the Social Service Scheme

For students:

- To encourage students to have a healthy lifestyle
- To cultivate their sense of concern for others in their social community
- To enhance their sense of social belonging
- To develop their sense of responsibility
- To empower them by serving the disadvantaged people in society
- To promote the positive values of self-fulfillment

For the community:

- To maximize community resources
- To serve the underprivileged people in society
